***Lac Ste. Anne Minor Softball  
2017 Playoff Rules (U10/U12/U14/U16)***

**Important Notes:**

- During round-robin play, it will be 1 points for a win. There will be no ties, based on the half run awarded for the coin toss (see next point).
- There will be a coin toss to decide which team will be home team. Toss winner decides if they field or bat first. If they bat first, they are award a half run advantage. If they choose to field first, the other team gets to bat first and they receive half run advantage. Whichever team bats first gets half run advantage.
- In case of a 2 way tie after round-robin play, results of game vrs each other will be used to determine standing. In case of 3 way tie after round-robin play, total +/- (runs "for" minus runs "against") will be used as determining factor. If still 3 way tie, ump to put the 3 team names in a "hat" and draw placement.
- In all round robin games, home team (bats last) must complete their bat in the last inning, to determine runs for/against to determine placing within each pool. Umpire will determine & announce the last inning.
- A game will consist of:
  - U10 - 5 innings, or a time limit of 1.5 hours.
  - U12/U14/U16 – 7 innings, or a time limit of 2.0 hours.
- 5 run rule is in effect for all innings. **No "open" last inning.** Umpire will determine & announce the last inning.
- No innings should start with less than 15 minutes to go in the time limit.
- When pitching, at all levels, both feet start on the "rubber"; one foot must remain in contact with the ground at all times.
- The placement on the schedule was done by a random draw.
- With the exception of the above, the Lac Ste. Anne Minor Softball League rules apply in all circumstances.

**Umpires:**

- Host is responsible to provide plate umpires for all games.
- If teams are not prepared to play with only the plate ump provided by the host community, it is the responsibility of each team to provide base umps.

**Scorekeepers:**

- After each inning, scorekeepers must verify that score-sheets are the same. If there is a discrepancy, the umpire must be notified at that time.
